## Announcement for International Choir Mennonite World Conference Indonesia 2022 Assembly

We are seeking gifted vocalists to join the International Choir for the **MWC** Semarang, Indonesia 2022 Assembly. This International Choir will help lead congregational singing during the Assembly. The singing and worship services will reflect the global fellowship of Mennonite World Conference and be rich in music and worship diversity. The purpose of this group is to lead, to teach, and to inspire, not to give a performance.

The ensemble will consist of ten persons representing all continents. Those applying to sing in the International Choir should have a strong commitment to Christian/Anabaptist values, excellent team skills, previous performance experience, reference from pastor, familiar with (or willingness to learn) a wide variety of international types of music and different worship styles, able to communicate in English, and ability to sing a vocal part and play an instrument.

Prior to coming to Assembly, choir members will practice and become familiar with the Assembly music in their home countries when they receive the music and recordings. They will need to arrive in Semarang by 26 June 2022 to have a full week of practice before the Assembly starts on 05 July 2022.

Those interested in applying for being on the Assembly International Choir should provide a brief resume and videos or MP3s (or links) of their performances via [this form](#) (or to Benjamin Bergey at [BenjaminBergey@mwc-cmm.org](mailto:BenjaminBergey@mwc-cmm.org)), as well as a reference from their pastor or church leader. Applications should be sent prior to 31 December 2021. For more information please contact [BenjaminBergey@mwc-cmm.org](mailto:BenjaminBergey@mwc-cmm.org).

Benjamin Bergey  
Music Coordinator,  
Assembly Program Committee
